

Sprint 3 Plan

Product Name: PostNote

Team Name: PostNote Team Members

Sprint Completion Date: November 21st, 2023

Revision Number: 1

Revision Date: November 8, 2023

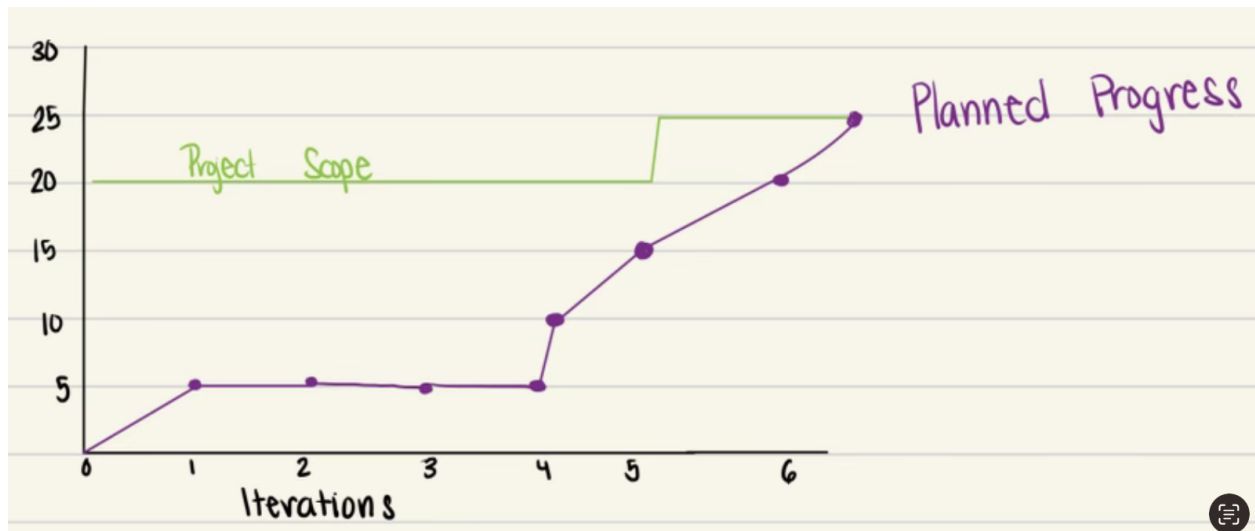

User stories:

- **Download Notes:** As a class member, I want to be able to download notes that were previously uploaded by other students so that I can study them.
 - Populate the download page with all of the files that have been previously uploaded to Firebase
 - Time estimate: 8 hours
 - When a file is clicked, the user is able to download that file
 - Time estimate: 4 hours
- **Week Folder:** As a student, I want to be able to upload and/or download notes in a course's specific week folder so that I can easily find notes related to a specific week.
 - Create the UI for the week folder
 - Time estimate: 5 hours
 - Populate the page with the correct class name and week #
 - Time estimate: 1 hour

Team roles:

- Alexander: Storing users in the database and keeping track of classes users are enrolled in
 - Time estimate: 6 hours
- Roma: Optimize Search Filtering, Class folder UI
 - Time estimate: 6 hours
- Aidan: Storing users in the database and keeping track of classes users are enrolled in
 - Time estimate: 6 hours
- Madeline: Download Notes
