Actions to stop doing:

- We are currently satisfied with our process because members have been having consistent meetings. There has been active communication regarding individual progress as well.

Actions to start doing:

- We are currently satisfied with the actions we are already doing because we have gotten into an effective routine of coding.

Actions to keep doing:

- We need to continue having daily stand-ups and attending group meetings so we can update each other with progress.
- User stories completed:
 - **Make a Study Group:** As a class member, I want to be able to make a study group so I can easily share my notes with my study group peers.
 - When I am in the class page for a specific class, I want to be able to have the option to create a study group for this class.
 - **Join a Study Group:** As a class member, I want to be able to join a pre-existing study group so that I can easily access notes from my study group peers.
 - When I am in the class page for a specific class, I want to be able to view which study groups already exist and have the option to join a study group.
